

Math 80350: Topics in Harmonic Analysis & PDE

Spring 2024

Instructor: Gerard Misiolek, DeBartolo Hall 201

gmisiole@nd.edu; Class Time: MWF 10:30AM-11:20AM

Topics may include:

1. A review of basic real variables
2. Singular integrals of convolution type
3. Function spaces
4. Dyadic decompositions and smoothness
5. Applications to PDE
